### DIMENSION ILLUSTRATION

## II. GENERAL INFORMATION

### A. SPECIFICATION

#### Product Description

Towable Passanger Stair Model 265 dibuat dengan system Electric Hydraulic adjustable disupply dari Rechargeable Battery.

#### 1. DIMENSION

Dimensi total/ Overall Dimension

Panjang/Length	Overall	: 5100 mm
Lebar/Width (Anak Tangga)		: 1300 mm
Lebar/ Width Overall		: 1450mm
Tinggi/Heighth Operational		: 2650 mm
Tinggi Anak Tangga		: 150 mm
Berat rata-rata/Weigth approx		: ± 1150 kg

#### 2. PERFORMANCE

Maximum Towing allowed

: 20 Km/h

Aircraft Capability

: Boeing 737 All series & Alrbus 319,320,321 Neo

Hydraulic Boom

: Electric Hydraulic Adjustable (Rechargeable)

Stabilizer

: Manual Rotable hand adjustable 4 Ea

#### 3. OTHER INFORMATION

Battery

: 12 Volt 50 Ah (Ground Negative)

Rechargeable Battery

: 50 amp Continuous

Hydraulic Power pack

: Electric adjustable

Tires

: 400.8 Solid Tires

Rims

: 8 inch

Rear Axle

: Rigid axle

Front Axle

: 220 steering angle with Toweye
